## OPENING DAY OF COURT

THE JUNE TERM CONVENED AT 9 O'CLOCK A. M., JUDGE HOFFMAN PRESIDING.

## MANY ENTRIES ARE MADE ON DOCKET

Charles Wilson, Who Stole Rector's Livery Team Got Two Years in Prison—Dr. Simonds Et Al. Have Trial Nov. 15.

Charles Wilson, alias Charles Williams, who, on April 30, last, hired a horse and buggy from W. M. Rector, and did not return the outfit, was sentenced to two years in the state prison by Judge Louis Hoffman at the opening day of the June term of criminal court today. Wilson entered a plea of guilty.

Arthur Thomas, alias Arnette Patterson, Frank Brennan and Edna Patterson, who, on May 3, were arrested in apartments at the Chilli parlors for possessing burglars' tools, were arraigned for hearing. They entered a plea of not guilty and bond was fixed at \$500 each. A special jury was ordered summoned to try the case Wednesday.

Frank J. McCoy and Jess Mitchell, employees of the Singer Sewing Machine Co., who, on April 27, entered the home of Mrs. Sallie Wilson, in Cedar township, and removed a sewing machine on which final payment had not been made, furnished bond in the sum of \$500 each, their cases being continued.

The cases of Dr. W. T. Simonds, G. H. Corbett and Everett Casto, charged with manslaughter in connection with the death of Anna Bell, a 19-year-old domestic, were set for Nov. 15.

Both charges of stealing two bicycles, which had been preferred against Frank Fewell, or Fuel, were dismissed, owing to the fact that Fewell had been returned to the United States army, from which he escaped shortly before his arrest in Sedalia.

Other entries on the docket were:

Lee Eastwood, a negro, charged on two counts with forgery; prisoner waived reading of information, arraigned and pleaded not guilty and bond fixed at \$500. A certified copy of the information was ordered.

State vs. John Short, a negro, who, on April 22, last, assaulted John Pickett, with the intention of robbing him; prisoner waived reading of information; was arraigned, pleaded not guilty and bond fixed at \$500. A certified copy of the information was ordered.

State vs. Oscar Mulkey, a negro, charged with having ravished a minor daughter of ex-Policeman Joseph Johnson, colored; certified copy of information ordered.

Paroles of the following were granted:

Allan Watts, Johsep Stout, Alonzo Hulen, O. P. Arnold.

Wesley Scott, convicted of assault and battery, was given thirty days more to pay fine.

Lewis Pritchard, convicted of grand larceny, was given thirty days more to pay.

Isaac Rudy, convicted of illegal voting, was given thirty days more time to pay.

James DeWitt, who has been out of jail on parole, was finally discharged; likewise, Walker Williams.

Walker Bird, who, after being convicted of burglary, was paroled on promise to pay the fine was ordered placed in jail for failure to pay the fine.

Harry Long, convicted of shooting across a public highway, was ordered remanded to jail for failure to pay the fine of \$10 and costs.

Court adjourned at 11 o'clock this morning until 3 o'clock this afternoon.

## THE POLICE DRAG NET

Victims Who Were Arraigned In Court Today.

Cynthia Manpin, a negress, who recently returned from the penitentiary, after having served three years for robbery, was arrested by Officer Thompson last night for disturbing the peace.

She was fined \$5 by Police Judge Gresham today.

J. M. Hoffman, a plain drunk, was fined \$5 by the same magistrate.

Clarence Draper, a Kansas City negro, was arrested last night for dis-

turbing the peace. He was fined \$10 and was returned to the Jackson county marshal where he is wanted for escaping from jail, after being made a "trusty."

Bertie Hendrix, a Warrensburg negro, was fined \$5 for disturbing the peace and was given a stay to leave town.

Arthur Williams, a negro, was arrested by the police last night for stealing a cheap watch and some junk from J. M. Scammon, of 900 West Henry street.

Miller, who later claimed his name was Arthur Miller, was arraigned before Police Judge H. M. Gresham, ex-officio justice of the peace, and after pleading guilty was held to criminal court in the sum of \$500.

## ANNOUNCE ENGAGEMENT

OF MR. CHARLES F. STOTTS AND MISS EDNA MAE ECKHOFF THIS AFTERNOON.

## A LUNCHEON BY MISS VERA OVERSTREET

Given at 5 O'Clock P. M. Today, Twelve Young Ladies Being the Guests, When Formal Announcement to Be Made.

Miss Vera Overstreet will entertain twelve young lady friends at a 5 o'clock luncheon at her home, 220 South Prospect avenue, at that hour this afternoon.

During the progress of the luncheon the engagement of Charles Frederick Stotts to Miss Edna Mae Eckhoff will be announced.

The wedding will occur at the home of the young lady, on West Sixth street, on the morning of Wednesday, June 23. The Rev. Grant A. Robbins, pastor of the First M. E. church, will officiate.

The affair will be a very quiet one, only immediate relatives attending, after which a wedding breakfast will be served, and the bridal couple will leave for a two weeks' honeymoon tour, visiting likely in the east, after which they will return here to go to housekeeping in Mr. Stotts' recently-erected and modern cottage, 1020 West Fourth street.

Mr. Stotts is a member of the G. B. Stotts & Son Dry Goods company, and is well known throughout the city, where he has hundreds of friends who will learn of the approaching event with pleasure.

Miss Eckhoff is one of the pretty and accomplished young daughters of Mr. and Mrs. Chris Eckhoff, and possesses the friendship and esteem of a wide circle of acquaintances, all of whom will join the Democrat-Sentinel in extending congratulations.

The Overstreet residence is prettily decorated in roses and smilax, and the hostess' brother will serve as postman, bearing miniature notes to each guest.

On each note are these words: "Charles Frederick Stotts and Edna Mae Eckhoff, June 24."

The date of the wedding, however, will occur a day previous to that mentioned in the announcement.

## HAD 125 AT ROLL CALL

Anniversary Service at Broadway Christian Church.

Sunday was a great day at the East Broadway Christian church, of which the Rev. E. H. Williamson is the able and popular pastor. It was the eleventh anniversary of the dedication of the edifice, and a large audience was present at the morning service to hear Pastor Williamson's discourse on "Rebuilding the Walls of Jerusalem."

On a call of the roll 125 members responded by the quotation of a verse of scripture. As an anniversary offering each member was asked to contribute eleven coins, one for each year since the church was dedicated, and the sum of \$82 was realized.

The children's program was rendered in the evening, under the direction of Miss Myrtle Stanley and her assistants, and was appreciated to the fullest by the large audience.

The County Sunday school convention meets at this church tonight, and will hold an all-day session tomorrow, concluding with a program at night.

No Meeting of the Alliance.

There was no quorum, hence no meeting of the Ministers' Alliance to-day.

She was fined \$5 by Police Judge Gresham today.

J. M. Hoffman, a plain drunk, was fined \$5 by the same magistrate.

Clarence Draper, a Kansas City negro, was arrested last night for dis-

## MONUMENTS UNVEILED

BY SEDALIA CAMP NO. 16, W. O. W., AND QUEEN CITY GROVE NO. 1, WOODMEN CIRCLE.

## LARGE ATTENDANCE SUNDAY AFTERNOON

Hon. C. I. Davis, of Clinton, Was the Orator of the Occasion—Graves of Deceased Members Strewn With Flowers.

A crowd of several hundred people attended the annual unveiling of monuments by Sedalia camp No. 16, Woodmen of the World, and Queen City Grove No. 1, Woodmen Circle, an auxiliary, at Crown Hill cemetery Sunday.

The throng was the largest ever assembled on a similar occasion, and the line of carriages and private conveyances was the longest ever seen in the city.

Shortly after 1 o'clock Sunday afternoon members of the parent order and its auxiliary began assembling at the lodge hall. It was near 2:30 o'clock when the procession began to move, the Sedalia Military band leading.

C. I. Davis, of Clinton, head consul; W. W. Blain, Henry Knopfli and T. J. Robb occupied the first carriage, which followed the band, while in the rear of this carriage came numerous other carriages and vehicles carrying members of the Circle and friends.

Members of the Woodmen, with the drill team in the lead, followed the carriage conveying the principal speaker.

At the cemetery an unusually large throng had assembled to witness the confessions made by the orator as unsolicited. He stated the truth would be known later, and he might just as well tell it now as then.

The graves of deceased members of the order had been decorated during the forenoon under the direction of H. L. Cross, while E. R. Holmes and Mrs. Mildred Neighbors acted as master and mistress of ceremonies, respectively, for the two organizations at the afternoon services.

Three monuments marking the last resting place of deceased members of the Circle were unveiled, as follows: Miss Lena Saxton, Mrs. Della Finnell and Mrs. Rosa Hannefeld.

Sedalia camp No. 16 unveiled five monuments, erected in memory of the following deceased members:

Dr. E. Herrick, J. W. O'Neill, A. W. Spicer, Judge B. Rauck and William Walker.

The Woodmen have buried a total of fifty-seven members, while the

Circle has interred a total of fourteen.

Last night a class of eight candidates from Warsaw, Mo., had the morning degree of the order conferred on them at the lodge hall, in the Cassidy building.

## Married Sunday Night.

The marriage of Oscar S. Jenkins, a Missouri Pacific shop clerk, and Miss Besse Kirkpatrick, who has been making her home with Engineer Frank Raymond and wife, occurred at the groom's home, on East Twelfth street, at 9:30 o'clock last night, the Rev. E. H. Williamson, pastor of the East Broadway Christian church, officiating.

## ROBBED A POSTOFFICE

PRISONER IN THE COUNTY JAIL MADE VOLUNTARY CONFES- SION TODAY.

## ARTHUR THOMAS, ALIAS A. PATTERSON

Says He and Two Accomplices Broke Into the Postoffice at Mt. Washington, Mo., in April and Got Many Stamps.

Arthur Thomas, alias Arnette Patterson, Frank Brennan and Edna Patterson, prisoners in the county jail awaiting trial in criminal court facing the charge of possessing burglar's tools, confessed to a representative of the Democrat-Sentinel today that they broke into and robbed the postoffice at Mt. Washington, Mo., near Kansas City, on April 10, last, making their escape with between \$100 and \$200 in money and stamps.

"This undertaking," Rev. Wilkins said before going East, "had its birth in Los Angeles, my former home, but it did not assume definite shape until the last general convention in Richmond in 1907. We are meeting splendid success and there is no question but that the full amount will be raised.

Dividend is Declared

Sedalia Trust Co. Re-Elects Present Officers.

At a meeting of the directors of the Sedalia Trust company, held at the company's offices here this forenoon, the usual dividend of four and one-half per cent out of the net earnings for the past six months was declared.

The old officers and the old directors of the institution were re-elected at the meeting.

All Poorly Paid Ministers, He Says, Should Be Cared For When Aged 64—Rev. Wilkins Is Now Soliciting in Baltimore.

The Rev. J. J. Wilkins, a former rector of Calvary Episcopal church in this city, was written of as follows in the St. Louis Star of Sunday, June 6:

Rev. J. J. Wilkins, of 2325 Geyer avenue, but who has no settled charge in this city, is in Baltimore agitating a movement to raise a \$5,000,000 pension fund for ministers of the Episcopal church who have reached the age of 64. Dr. Wilkins is general secretary and financial representative of the proposed fund.

"This undertaking," Rev. Wilkins said before going East, "had its birth in Los Angeles, my former home, but it did not assume definite shape until the last general convention in Richmond in 1907. We are meeting splendid success and there is no question but that the full amount will be raised.

Departed For Springfield.

Rev. Harold Cooper and wife, F. H. Brinkerhoff and wife and Miss Lizzie Birds. The public is cordially invited to Springfield, Mo., to attend the state course.

Bishop Mack to Preach Here.

The world's evangelist, Bishop A. Mack, D. D., of Kansas City, Mo., will preach Tuesday evening, June 8th, at 8 o'clock at the South Calvary Baptist church, on Ohio street.

His subject will be "The Speckled Bird."

He will speak to the people of Springfield, Mo., to attend the state course.

conference of Congregational churches.

From Springfield the Rev. Cooper will go to Pond Creek, Okla., where he will lecture Friday night on "Through Europe on \$200."

Wedding-to-Be Is Announced.

At Sacred Heart church, Sunday morning, the assistant pastor, Rev. Fr. Christian Daniel, made formal announcement of the marriage of Mr. Emil Zoernig and Miss Edith McCubbin, both of that parish, on the 15th inst.

GOVERNMENT.Commission government was evol-  
ed with two ideas in mind. One was  
to take municipal affairs out of poli-  
tics and the other was to give cities  
a business administration. That mun-  
icipal government in America today is  
greatly in need of changes along these  
lines is universally admitted. The prob-  
lem of reforming municipal affairs is  
regarded by many as of more pressing  
concern than pending questions of  
state.Even eliminating the cities where  
graft and dishonesty have been noto-  
rious, it is a fact recognized by every  
one that municipal government under  
the partisan system now in vogue is  
extravagant, wasteful, inefficient and  
unsatisfactory. Sedalia is no exception  
to the rule. There is not a business  
man, firm, corporation or indi-  
vidual in this city who will say that  
he would be willing to conduct his  
private affairs as public affairs are  
managed here. None could afford it  
and no one would be so stupid as to  
try it.Yet, we find the anomaly of busi-  
ness men in Sedalia, as in other  
cities accustomed to system, economy  
and precision in their private enter-  
prises, indifferent toward the public  
corporation and inactive toward bet-  
tering it, although recognizing and in  
most instances deplored its weak-  
nesses and the abuse it conceals.  
They are the very persons, because of  
their experience, training and busi-  
ness capacity, who ought to feel re-  
sponsibility for municipal conditions  
and initiate steps for their improve-  
ment.The Democrat-Sentinel is not speci-  
ally concerned whether the so-called  
commission government is applicable  
to Sedalia. If it will bring about the  
changes that are needed and correct  
the evils that are manifest we say  
it is the thing to advocate until it be-  
comes an accomplished fact. If someother plan is superior, or if any sys-  
tem of any kind can be devised which  
will eliminate partisanship from and  
inject business methods and business  
accountability into municipal affairs,  
we shall be heartily in favor of that  
plan. It is the result we should like  
to see accomplished. The method is  
incidental.It is our conviction, however, that  
the commission plan has much to  
commend it, and that so far as it has  
been tested it is vastly ahead of any  
other form of municipal government  
which has thus far been tried in the  
United States. One of the things that  
most strongly commends it is the fact  
that the politicians throughout the  
country are opposed to it. They are  
doing their utmost to discredit the  
reform and they are found actively  
fighting it wherever its adoption is  
proposed. The commission plan has so  
effectively obliterated gang rule and  
so completely banished the politicians  
that hostility from this quarter is  
readily understood.Random and altogether superficial  
criticism is now and then voiced by  
a few newspapers, but they invariably  
are of the "organ" type or have  
some ulterior motive to serve. Fre-  
quently they are papers of wobbly  
records and well known servility to  
machine practices, and it may be taken  
for granted that their carefully con-  
cealed motives are in the interest of  
the politicians rather than of cities  
and their citizens. As a general rule,  
however, the "save-the-party" newspaper  
is silent on commission govern-  
ment. Although alarmed at the pro-  
gress of the reform and secretly con-  
spiring against it, such a paper dares  
not openly oppose it because it real-  
izes it has no chance in discussion of  
the question on its merits. Its hostility  
is not against the principle involved,  
but against the change and the re-  
form it promises to bring about.The Democrat-Sentinel does not  
think the people of any politically  
governed city are satisfied with the  
manner in which their municipal af-  
fairs are conducted. It does not be-  
lieve they have confidence in the poli-  
cians of any party and especially  
those who are the power behind the  
throne.Ought not the business men who  
are familiar with successful business  
methods to take the leadership in re-  
scuing Sedalia from partisan govern-  
ment and in substituting in place of  
the politicians a set of officials under  
a system which would enable them to  
conduct the city's affairs as they  
would their own?

THE TUBERCULOSIS PROBLEM.

Troy, N. Y., has a practical system  
for fighting tuberculosis which is of  
such a marked success that it should  
be of interest to all cities of the coun-  
try.During the last year the death rate  
in Troy was the lowest in fifteen  
years and showed a reduction of 25  
per cent in the number of deaths the  
preceding year and 30 per cent from  
the number of deaths in 1901. This  
heavy reduction of mortality is attrib-  
uted wholly to the crusade against  
tuberculosis. The work has been carried  
on by the Troy Tuberculosis Relief  
committee, which co-operates with  
the State Charities Aid association.  
The committee's operations in its first  
annual report which has just been  
published, are set forth in an interest-  
ing manner.

the first year of the experiment,  
which is pronounced such a success  
that preparations are under way for  
enlarging the scope of the work and  
prosecuting it with even greater vigor  
the coming twelve months.Here is a practical plan for making  
war on the dreaded plague which  
yields practical, visible results. A de-  
crease of mortality of 25 per cent in a  
single year is remarkable. It shows  
that the progress of tuberculosis in  
Troy is being stayed and unquestion-

How He Sought and Found  
Happiness.At the time when I had lost all in-  
terest in my personal, individual life  
but had not yet acquired a religious  
interest (an inspiration to the general  
good of humanity), I was horrified  
by my position. But I found peace  
the moment I had found a religious  
sentiment impelling me to think of  
the good of humanity. In this thought  
at the same time, I found full satisfaction  
of my desire for personal happiness.  
The same thing is going on now,  
although my former passionate  
desire to make mankind happier has  
weakened. I am overcome sometimes  
by a certain terror as if I stood before  
an immense abyss. But the aspiration to,  
and the preparation for, a new life  
replace the former conditions which  
they were born out of; and in them  
there is happiness both for the indi-  
vidual and for all humanity. Prepar-  
ing for the new life, I attain at the  
same time my former aim, the good  
of humanity, more surely than when  
this was my only aim. Aspiring to  
attain God, aspiring to a purity of  
divine being in myself and in my new  
life, I find more assuredly both hap-  
piness for humanity and for myself.

Mother's Life Saved by Child.

A little boy, nine years old, saved

his mother from being murdered by

his father in the Rue Mauzin, Buttes-

Chamont, France, recently. The

boy's parents, named Vienard, had

frequent quarrels, owing to the busi-

nessman's drunken habits. The other day

the man returned home in a worse

condition than usual, and when his

wife remonstrated with him he

knocked her unconscious on the floor,

then, throwing himself upon her,

seized her by the throat, declaring his

intention of strangling her. The lit-  
tle boy, weeping with terror, seized a

knife, which was lying on the table,

and, rushing at his father, inflicted

two serious wounds on his head. He

also nearly cut off two fingers of the

hand which his brutal parent raised

to save himself. The neighbors, hear-  
ing the uproar, rushed in and put an

Women laugh too little. Whether

this is due to their lack of humor or

to childhood's training in gentle man-  
ners may be questioned. Certain it is  
that a hearty laugh in a woman's voice  
is rare music. An audience of  
women rustles with amusement, but  
seldom laughs. A group of girls gig-  
gle, but do not laugh. A woman read-  
ing the most brilliantly humorous  
story seldom gets beyond a smile. When Sir Walter Besant, in his clever  
skit, "The Revolt of Man," pictured  
the time in the twentieth century  
when women should have usurped all  
power—political, ecclesiastical and  
social—he shrewdly noted that laugh-  
ter had died out of England; that  
when men revolted against their femi-  
nine tyrants they came back to their  
own with peals of laughter.—Quanah  
(Tex.) Observer.**Too Many Books to Read.**We feel the deepest sympathy for  
those moderns who complain that so  
many books are now published and  
so noisily advertised that they are  
bewildered as to choice, and turn  
back to the old favorites. That, surely,  
is a thousand times better than  
adopting the alternative which now  
seems so popular—not reading at all.  
What with automobiling, golf, the  
theater, bridge and the ten-cent maga-  
zines, thousands of our most substantial  
citizens are accused—by discon-  
tent book-sellers—of never opening  
book from one year's end to another.

## THE DRAMA IN POLITICS

TAMMANY TO BE THE VILLAIN  
IN PLAY TO BE PRESENT  
IN NEW YORK.

## DOUGHT TO MAKE A HIT IN METROPOLIS

Committee of 100 Business and Professional Men Has a New Plan for Presenting Campaign Issues.

New York, June 7.—The committee of one hundred composed of the foremost professional and business men of the city, has under consideration a plan to use the drama in the coming municipal campaign as a vehicle of political education.

If the plan is approved, a play will be written to order by a prominent playwright with Tammany in the role of villain. A competent manager will be engaged and the play produced at some theatre in each borough as long as it makes a hit. Tickets would be free. The estimate cost is \$35,000.

The idea is to have the tax rate the central theme. The hero has prepared a home for the heroine in some New York suburb within the city limits, but the rising tax rate makes it impossible for him to pay the interest on the mortgage, in which it is shown that the political boss is interested, the mortgage is foreclosed and the home is lost.

## RIGHT ATTITUDE IN PRAYER

Interesting Subject Brought Up by Woman's Suit Against Railroad Company.

A unique feature in the suit of Mrs. Emily Park Requa, who was awarded \$10,000 damages in her suit against the New York Central railroad for injuries received October 27, 1907, in the wreck of the Montreal express, was the fact that by an injury to the kneecap she was no longer able to follow the custom of a lifetime and kneel in prayer at her bedside on retiring. To just what extent mental suffering thus produced should enter into the computation of pecuniary damages, it would be difficult to estimate.

## Summer Trips

Where do you expect to go this summer? Isn't it time to settle the question?

I would like to tell you of the many excursions the Santa Fe will run this season to

California, The Grand Canyon, Yosemite Valley, Colorado, Salt Lake City, The Alaska-Yukon-Pacific Exposition.

Many of these points may be visited on one ticket via the Santa Fe. That's the one you should have, if you contemplate spending the summer in leisurely travel through the West.

## Low Fare Excursions

From Kansas City, St. Joseph, Leavenworth, Atchison, to Los Angeles, San Diego, and San Francisco, and return, \$50. Tickets on sale daily May 6 to 13; June 1 and 2; June 24 to July 10; July 27 to August 6.

Long limit. Liberal stopover privileges.

Slightly higher fare if Portland and Seattle are visited.

On other dates during the summer excursion tickets may be had at slightly increased rates.

Corresponding fare from other points on the A. T. &amp; S. F., and from points on other lines in connection with the Santa Fe.

Write me for free copies of Elks', N. E. A., Colorado, Grand Canyon, and Seattle Exposition folders, as well as for other descriptive literature, and fare from your home city.

W. P. CONGER, OF TENNESSEE,  
HAS PLAN FOR EVADING PROHIBITION LAW.

## WILL ESTABLISH POPTBVR HACK LINES

Land For Four Miles Around Leased to Prevent Erection of a Schoolhouse, Thus Abolishing Saloon.

Nashville, Tenn., June 7.—W. P. Conger, of McMinnville County, has found a spot on the top of the Cumberland Mountains, in Sequatchie county, where the state prohibition law, effective July 1, cannot touch him, and he is now having a saloon erected there. It is 18 miles from McMinnville, and there is no school house in miles of the place.

It is reported that Conger has leased all the land for four miles around in order to prevent the erection of a school house.

Ten or twelve barrels of whiskey and a lot of case goods are now at McMinnville awaiting transportation to Conger's saloon.

Regular hack lines will be established by the enterprising saloonist to furnish liquor to the neighboring towns. As the legislature does not meet until 1911 he expects to make a fortune.

Hundreds Burned or Drowned.

Terrible scenes were witnessed at Carlton on the occasion of the recent disastrous fire on the native pleasure boats. A large number of these craft, which are of the nature of house-boats, were moored together, and at the time of the disaster several hundred persons were on board. An overturned lamp seems to have been responsible for the outbreak. With great rapidity the flames spread from one craft to another, and soon after the alarm was raised one of the planks connecting the boats with the river bank became displaced in the rush, thus cutting off the means of escape of hundreds of people. The majority of them jumped into the water, but comparatively few appear to have been rescued. No fewer than 600 women are reported to have been drowned or burnt to death. Among the dead were several prominent Cantonese, including three Taots and the manager of the Great China bank. A large quantity of valuable jewelry is said to have been taken from the bodies of the victims.

## ITALIAN WOMEN IN PROTEST.

Seek Change of Law That Now Makes Them Subservient to Their Husbands.

An Italian woman by the law of Italy has no right to her property after marriage and no control over her dowry, the interest of which her husband may spend as he likes, though he may not touch the capital, which must be returned to her in the event of a separation.

She cannot sign or draw a check on her own account even for her own money, and her evidence is not accepted in a law court without her husband. She is entirely subservient to him and he can shut her away from all her friends. She loses her nation-

ability on her marriage with a foreigner.

Under these circumstances it is scarcely surprising that of late there has been a powerful agitation for the suffrage among Italian women and one or two test cases have come before the law courts. A debate took place recently in parliament on the subject and a committee was appointed to investigate the laws affecting women and the desirability of conferring the franchise upon them.

The Queen Dowager Margherita takes a personal interest in the question and recently during the National Congress of Italian Women held in Rome she entertained the delegates at a monster party at her palace, when she expressed her sympathy with the movement and the hope that Italy would be among the first of the great modern nations to proclaim the enfranchisement of women.

At one end of the car is an operating table, sterilizing apparatus, oxygen tanks, cases of surgical instruments, running hot and cold water, closet of fresh linen, sheets—in short, everything a surgeon might require for amputation, for the sewing and bandaging of wounds and for the surgery of bones which must be performed immediately to save life or limb. The rest of the car is fitted up with comfortable hospital beds. Under the couch are stored in chests stretchers, crutches, acetylene gas generators so that steady, powerful light for night operations may be had; also axes, saws, crowbars, chemical fire extinguishers and every conceivable appliance whereby the rescue of victims pinned under the wreckage may be expedited.

Three regular local surgeons stand ready to answer the emergency call within 15 minutes after the summons reaches them, whenever the wreck is of such a nature that their services are required. Dr. O'Connor, who is head surgeon of the little corps, and Drs. Coffey and Gardner constitute the force. Assistants and nurses are taken along at discretion.

## B.R.T. LOBBY COST \$2640

THE LEGISLATIVE AGENTS OF BROTHERHOOD REPORT RECENT RESULTS.

### PRaises STATE BOARD FOR ASSISTANCE

Conductors Who Opposed the Third Brakeman Bill Are Scored—Some Have Been Fired from the B. of R. T.

St. Louis, Mo., June 7.—The report of the legislative agents of the Brotherhood of Railroad Trainmen of Missouri, giving a detailed account of their operations at Jefferson City during the recent session of the Forty-fifth general assembly, has just been completed. The legislative representatives were W. A. Wheeling and H. Pfeiffer.

The statement of expenditures as made by them has been sworn to and filed with the secretary of the state in accordance with Governor Folk's anti-lobby law. The total disbursements are shown to have been \$2,640.85. The salary of each of the representatives was \$6 a day. There remains in the legislative fund the sum of \$432.31.

Wheeling tells of the fight he and Pfeiffer made for the full crew bill and other laws urged by the organization. He quotes letters written to him by State Senators Emmet B. Fields, of Linn county, and Holmes Hall, of Sedalia, and one from Representative White, of Linn county, all praising the work by him and Pfeiffer for the full crew measure.

The report is sarcastic in its discussion of the conductors who appeared at Jefferson City in opposition to the third brakeman bill and calls attention to the fact that some of the conductors have been dismissed from the B. R. T.

Wheeling specially praises Railroad Commissioners Knott and Oglesby, the democratic members of the board of railroad and warehouse commissioners, and Secretary T. M. Bradbury of the same body. Since the adjournment of the legislature, Wheeling has been clerk in the office of the warehouse commission in the Pierce building, St. Louis.

In conclusion, Wheeling asks members of the B. R. T. to aid those members of the legislature who assisted him and to help defeat those who opposed bills demanded by the organization which he represented. He says the Farmers' Union members, H. E. Averill, of Pemiscot county; F. M. Best, of McDonald county; J. M. Bowers, of Wayne county; J. W. Cole, of Laclede county; J. N. Irby, of Butler county, and A. S. Prather, of Taney county, were particularly favorable to him and did all they could for the interest of the trainmen.

Discussing *Home Chat* at the recent Munsey dinner in New York, Lord Northcliffe said:

"I had fears about the name at first. When I mentioned the name to a famous Liverpool humorist, he frowned and shook his head.

"Home Chat—oh, that will never do," said he. "Think, Alfred, of the unpleasant topics it suggests! *Home Chat*? Doesn't it call to mind a string of such phrases as these: 'Are you going to buy me a motor car or not? Sitting up with a sick friend, eh?—don't you think that story is getting a little stale?' ### PROOF OF SENSE OF HUMOR.

Its Possession by Women Shown in Their Treatment of Phrase in Marriage Ceremony.

One of the party of English suffragettes that recently visited this country attended a social function, during the course of which there was presented to her a gentleman who seemed disposed to poke fun at the principles so dear to the lady and her following.

"All this goes to show, my dear young lady," said he, "how utterly you women lack a sense of humor."

"I perceive you share the general error in that respect," said the suffragette.

"That women lack humor? Yes."

"Really, sir, you're most unobservant," continued the suffragette. "There is in every married woman's life at least one occasion when she evinces the keenest sense of humor."

"You astonish me!" exclaimed the man. "May I ask you to particularize?"

"Certainly. Does she not get by the love, honor and obey' part of the marriage ceremony without so much as a snicker?"

"Uncle Ransom," said the planter, "you rode my best horse 20 miles to that festival Saturday night; you kept him out all day Sunday and nearly killed him Sunday night. How many times have I told you to let my horses rest on Sunday?"

"Yes, sub, Marse Robert, dat's so, but—"

"How many times have I told you if you didn't quit that, you and I couldn't get along together on this place?"

"Dat sho' is the trufe, Marse Robert. You p'ntedly tolle me dat—but you knows a nigger, he jes' nacherly forgit's."

"Every negro on this place believes that he can do exactly as he pleases."

"It has come to this, Ransom; Reveille is not big enough for you and me. To-morrow morning we part; you go your way and I go mine."

The old negro looked sorely troubled and bewildered. He glanced over his shoulder at the rippling lake, the open cotton, the perfectly level fields. Ransom had been born on Reveille and had never known any other home. His heart went out in supreme pity for the man who had to leave it.

### RUMBLINGS OF THE RAIL

NODAWAY COUNTY ASKS A BIG JUDGMENT AGAINST THE BURLINGTON ROAD.

### COACH CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources For the Benefit of Democrat-Sentinel Readers.

Prosecuting Attorney Wiles at Maryville, last Saturday, filed suit for \$9,760 on behalf of Nodaway county against the Burlington Railway company.

Abandonment of the road's depot and lack of a station agent at Dawson, Mo., is cited as the basis of the suit.

In 1880, when the road was built, J. J. and Mrs. Emma King deeded an acre of land to the company, on which a depot was to be forever maintained.

The Burlington company, it is said, failed to secure consent of the railway and warehouse commission to abandon the station, and Prosecutor Wiles claims the railway is liable to a fine of \$10 per day since the depot was abandoned, in December, 1908, and for the same amount for each day there has been no agent located there, which dates back to December, 1906.

### A NEGRO WAS LYNNED

Black Man Had Already Been Condemned to Death.

Tallahassee, Fla., June 7.—Dangling from a limb in a tree in the county jail yard and within sight of the dome of the Florida state capitol, the lifeless body of Mairi Morris, a negro, was found Sunday morning.

Condemned to death for the murder of William Langston, late sheriff of this county, the negro would have within a few weeks legally paid the penalty of his crime with his life.

A mob of not more than fifteen men at 3 o'clock Sunday morning dragged Morris from his cell and strung him up to a tree within the jail enclosure. The masked band then emptied a round of cartridges into the body, and rode away unmolested.

### DAMAGE BY FIRE \$1,000

E. B. Quisenberry's House-Cleaning Machine Ablaze.

E. B. Quisenberry's air-compressing house-cleaning machine, situated in a shed in the rear of his home, 717 West Seventh street, caught fire at 12 o'clock today. The damage is estimated by

the owner to be in the neighborhood of \$1,000. It is covered by insurance to that amount.

Mr. Quisenberry discovered smoke arising from the shed wherein the machine is kept. The fire department was notified. The said was also badly damaged.

## CUDAHY PAYS \$82,000 FINE

For Misuse of Revenue Stamps, But May Be Fined More.

Topeka, June 7.—The Cudahy Packing Company, recently indicted by a federal grand jury here on the charge of defrauding the government of many thousands of dollars through

misuse of revenue stamps on oleomargarine, has paid to the government the sum of \$82,000, the full amount due by reason of the alleged frauds, according to the United States district attorney here.

H. J. Bone, United States district attorney for Kansas, who secured the indictments on 695 counts now pending against the company, stated that the company had paid to the government the amount which it was charged under the indictments was due.

The company was charged with putting a 3-cent revenue stamp on oleomargarine that required a 10-cent stamp. The paying of the amount due does not end the case, however, as under the law the company is subject to a fine of from \$1 to \$1,000 on each of the 695 counts.

### On to Paducah With the Booze.

Paducah, Ky., June 7.—"On to Paducah!" is the rallying cry of the wholesale liquor dealers of Tennessee, who will be forced to move out of that state when the state-wide prohibition law goes into effect the first of next month.

Several of the leading Memphis and Nashville concerns have already engaged quarters in Paducah, and others are investigating the advantages offered by this city.

If the invasion of the liquor companies continues Paducah will become one of the leading whiskey jobbing centers of the country.

## CONCLAVE OF SHRINERS

THIRTY-FIFTH ANNUAL MEET  
OPENED AT LOUISVILLE,  
KENTUCKY, TODAY.

### ARE DRILL TEAMS FROM MANY TEMPLES

The City Has Spent \$75,000 in Preparation of the Meeting, Nearly All of Which Went For Illuminations.

Louisville, Ky., June 7.—Fresh and fit after their passage of the "desert sands" in caravans of palace cars, hundreds of delegates from all over the United States, Canada and Mexico gathered in Louisville today and inaugurated the thirty-fifth annual session of the Ancient Arabic Order, Nobles of the Mystic Shrine.

The hospitality for which Kentucky is famous was poured out lavishly in honor of the visitors, among whom are some of the most distinguished citizens of the cities in which are located the 113 temples of the order.

Over thirty-five patrols of Shrine drill teams from as many different temples will participate in a great night pageant of the Shriners in the exhibition drills and in the grand review.

The Louisville committee, under the chairmanship of Frank Ferr, and citizens have together spent upwards of \$75,000 in preparations for the meeting.

This sum has gone almost exclusively into illuminations and decorations, and the Kentucky metropolis is a veritable fairland of lights and colors.

Colossal electric designs, made up of emblems of the order, are located at all street intersections, the broad avenues of Louisville are draped in electric strands and bunting and there is a gorgeous court of honor four blocks in length.

Among the special features is the largest electric clock in the world. It is located in the armory, where the grand ball and other Shrine week functions will take place. This magnificent decorative feature is twenty-five feet long, with a dial of seventy-five feet in circumference. It is illuminated by 5,500 electric globes.

The week's program opened this morning with a formal reception of visiting Shriners and the escort of each temple to its headquarters.

During the afternoon an excursion on the beautiful Ohio will take place, three palatial steamers having been chartered for the use of the Shriners and their ladies.

Each boat is equipped with a band of music and refreshments will be served. At night a reception in honor of the imperial divan will be held at the Masonic Widows' and Orphans' home, accompanied by a musical program participated in by a chorus of 300 children.

Tomorrow morning the first session of the imperial council will be held in the armory. Addresses of welcome will be made by Mayor James F. Grinstead, of Louisville, and Hon. Augustus E. Willson, governor of Kentucky.

Visitors will also be entertained during the morning with a trolley ride over the city and suburbs. In the afternoon the first of the exhibition drills of patrols will take place, several female patrols participating along with the Shrine organizations.

Tuesday night will be marked by grand electrical pageant of patrols. It is estimated that not fewer than 10,000 Shriners will appear in the line of march.

A continuation of the exhibition drills will mark the Wednesday morning program. At the same time visiting ladies will be entertained by automobile rides. One hundred motor cars have been placed at the disposal of the entertainment committee for this purpose.

During the afternoon there will be a series of automobile races at one of the Jockey club parks, in which the leading professional drivers of America will participate. This will be followed by a regimental review of all patrols and a concert by twenty-five or thirty bands.

## THE JUNE CROP REPORT

MADE PUBLIC BY SECRETARY OF THE STATE BOARD OF AGRICULTURE.

### WET WEATHER CAUSES CORN TO BE WEEDY

Wheat Conditions Improved Two Per Cent in the Past Month—Oats Three Per Cent Lower Than This Time Last Year.

Columbia, Mo., June 7.—The monthly report of the condition of crops in Missouri was made public Saturday by George B. Ellis, secretary of the state board of agriculture, as follows:

Corn—The temperature this spring has not been the most favorable to the growth of corn, but planting has progressed very satisfactorily, and only 10 per cent of the crop remains unplanted at the present time. However, the excessively hard rains have washed the ground and formed a crust so that it is hard for the corn to come up; also, the cool, wet weather of the past week or two has given the wire and cut worms a chance to do considerable damage to young corn, and in some of the south central counties overflows have caused considerable damage. Of the crop that has been planted 12 per cent had to be planted the second time. The corn is beginning to get weedy in many places on account of the wet weather. The highest condition is in the southwest section, where the average is 87 per cent, and the lowest condition is in the northeast section, where the average is 80 per cent. The estimated acreage of last month is borne out by the actual acreage planted, as indicated by the reports this month, showing an average of 7 per cent more corn planted this year than last.

Wheat—The wheat has shown a slight improvement over last month, the condition being 76 per cent for the state this month, as compared with 74 per cent last month. The cool season has delayed the ripening of wheat, which will set the harvest about two weeks late. In the southern part of the state some wheat may be cut by June 10, but the greater part of the crop, even in the southern part of the state, will not be cut before about the middle of the month. There has been some complaint of Hessian fly along the lower counties of the Missouri river, and a little complaint of over-flow in the south-central portion. Other than this there has been no special complaint of damage to the wheat.

Oats—The condition of oats this year is three points below that at the same time last year, being 87 per cent, due to the continual cool weather and to some damage in the southwestern part of the state from a lack of rain early in the season, followed by too much rain, and in some sections of the state from too much rain the entire season.

Clover—The old clover is rather short and has made poor growth this spring, owing to the excessively hard winter and continued cool weather of this spring. The harvest has been delayed about two weeks. The new clover, however, shows a very good condition, but is five points lower than the condition at the same time last year.

Timothy—The condition of timothy is only one point lower than the condition at the same time last year.

Flax—The condition of flax is only one point lower than the condition at the same time last year.

## Lung Diseases

Beware of the after effects of the Grippe cold. More fatalities in lung diseases are directly traceable to "Grippe" germs than all other causes combined. Beware of those unusual pains in the head, throat or chest, that tickling in the throat, that hacking cough, that fluttering of the heart, that shortness of breath, that hocking and spitting, that gradual loss of weight, that loss of appetite, that nervous weakness, that unusual brightness of the eyes at times.

ONE OR ALL of these symptoms are but timely warnings that the nucleus of that most dreaded of all diseases is invading the system, and if unheeded the inevitable result is only a matter of time.

DO NOT DELAY. Delays are dangerous. Come to us in time. The Dr. Camp's Medical Co.'s Famous Inhalatorium Treatment offers you the best results obtainable in modern medical science.

## The Inhalatorium

It is the most scientific treatment ever devised for all germ diseases of the air passages. It is the most energetic method known for speedily eradicating the poisonous elements from the system. "It's a great blood purifier and a rebuilder of the tissues and as a part of our Modern Americanized European Method it is applicable in a wide range of diseases.

We give you relief the very first treatment and do it without loading your stomach with drugs. We Cure You by the only natural way—Direct Medication by our Wonderful Inhalatorium Cabinet.

## Throat and Lung Troubles

Need have no further terrors for you. You need not fear the oncoming of that most fatal of all diseases—the Great White Plague, Consumption—if you consult us in time. You can be cured more cheaply here than by a trip to the mountains. Do not think that because you have failed to get relief from the ordinary methods that we can not cure you.

We have the only Inhalatorium in this part of the state, and it has gained a wide reputation. Many come from a distance to avail themselves of this remarkable cure.

HUNDREDS WHO HAD ALMOST LOST HOPE HAVE BEEN RESTORED TO HEALTH.

We say we can cure catarrh, head noises, deafness, diseases of the throat, asthma, "grippe," and its after effects, bronchitis and the early stages of consumption.

## To All Who Suffer

Come to our offices and we will make a thorough, searching and scientific examination of your case Free of Charge, and if we find that your condition will yield to the influence of our advanced methods then we will take your case.

Our charges are reasonable. We accept no incurable cases.

## YOUNGEST LAW STUDENT

VERNE BELA, AGED THIRTEEN YEARS, HAS BEGUN AT HANNIBAL, MO.

## WILL PUT IN HIS TIME DURING VACATION

The Lad is a Regular Book Worm, and Those, Who Know Him Best Predict That He Has a Great Future Ahead of Him.

Hannibal, Mo., June 7.—Verne Bela, aged 13 years and still wearing knee pants, has begun the study of law under the law firm of Hays & Heather.

Verne Bela, son of Mr. and Mrs. George J. Bela, of the West Side, is a real "book worm" and has been ever since he learned to read. He entered the High school last fall and made a good record. He is a remarkably bright boy and wants to make something out of himself.

When the schools closed recently he told his father that he did not want to spend his summer in idleness; that he was very anxious to study some profession, and that his preference was the practice of law. Said he:

"Father, do you care if I enter some law office and read law during vacation and then resume my studies when the fall school opens?"

His father told him that he was willing, provided he would apply himself to his studies.

This greatly encouraged Verne and he went direct to the law office of Hays & Heather and arranged with them to read law under them during the summer vacation.

He entered upon his studies last Tuesday morning and Mr. Heather informed a reporter that he was starting out nicely.

Verne intends to make law his profession and until he graduates in the High school he will devote all his leisure time in reading Blackstone.

Colds that hang on weaken the constitution and develop into consumption. Foley's Honey and Tar cures persistent coughs that refuse to yield to other treatment. Do not experiment with untried remedies as delay may result in your cold settling on your lungs.—Arlington Pharmacy.

## VICTOR OVER DREAD DISEASE

English Physician Asserts He Has Found an Absolute Cure for Tuberculosis.

A remarkable series of cures alleged to have been effected in advanced cases of tuberculosis is attracting the attention of medical men in London, England. One case has been under the supervision of a distinguished physician for five months, and the patient, who was suffering from consumption of both lungs and throat, has been pronounced virtually well. A report from the physician on the medical aspects of the case will probably be published soon. Arrangements have been made for subjecting the treatment to a decisive test by applying it to six or eight hospital cases and securing a scientific demonstration.

The treatment is described as a thermo-chemical attraction, the germs of the disease being drawn by chemical heat through a ray of inflammation from the lung or throat to the surface of the skin, and expelled when the wound is washed. It has been practiced by a science investigator, William Dolg, for several years at his private dispensary, and medical men are astonished by the results in cases of tuberculosis which they have considered hopeless.

**Wild Flowers in the South.**  
One morning you drive through the woods and see nothing but the usual green of winter; two days after on the same road you behold afar what seems to be a huge white sheet showing through the tree trunks and bushes. It is not a sheet, merely a solid curtain of Cherokee roses, waxy white, fragrant and blooming so thickly that only here and there is any green to be seen.

A big dead tree that has been showing gray and hideous for months turns over night into an enormous purple bouquet; it is the work of a wisteria, sending down showers of lavender sweetness with every puff of wind. Sweet olive, bridal wreath, wild jasmine and 50 others rush into a prodigality of bloom that seems a wicked, delightful extravagance to northern eyes, and the noble army of ilies marches up the side of each path and waves its banners beneath every wall.—Pass Christian Correspondence St. Louis Globe-Democrat.

## THE MILK BECAME WARM

CITY PHYSICIAN HILL TESTS LACTAL FLUID DELIVERED BY DAIRYMEN.

## ONLY TWO VIOLATORS FOUND AT JOPLIN

State Officers Make Examinations and It is Said Find Impure Food—Will Be Further Investigation.

Joplin, Mo., June 7.—Charged with violating the pure food ordinance by permitting milk in their possession to reach a temperature of more than 50 degrees before delivery to consumers, W. M. Drake, a dairyman, and Fred Buck, employed by the Chapman Dairy company, were arrested late Saturday afternoon by City Physician Hill. They were released upon their own recognition to appear in police court this morning.

Dr. Hill has been making an investigation of the milk situation in Joplin since June 1, when the provisions of the ordinance are made effective each year. The ordinance, among other things, provides that no milk in wagons shall be allowed to reach a temperature higher than 50 degrees Fahrenheit, at any time during the months of June, July, August and September. Violation is made punishable by fine.

The arrests were made by Dr. Hill after he had tested the temperature of milk in many wagons here. It was found that the ordinance was being complied with to a much greater extent than was expected, as the two wagons whose drivers were arrested were the only ones where the milk was warm, it is charged. Buck's milk was at a temperature of 65 degrees, it is alleged, while that of Drake was said to be 70. Other wagons belonging to the Chapman company were found to contain milk well within the temperature limit.

"I intend to continue the work until all milk men in Joplin comply with the ordinance," said Dr. Hill last night. "It is a question involving the health and life of children, and there is no excuse for failure to observe the proper precautions. Warm milk is a fertile source of disease germs. Cool milk does not contain them to any appreciable extent. Sanitary conditions at dairies will also be investigated. No partiality will be shown, but any and all milk men whose product is not up to the standard will be prosecuted."

State Food Inspector Smith and State Chemist Douglas, who spent several days here last week testing food products will return for further investigations today. While here a series of delicate tests were conducted in Dr. Hill's office and several samples of impure foods are said to have been discovered.

## Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two things must be combined. One is local, one is constitutional. Dr. Shoop's Night Cure is the Local. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a tonic and restorative stimulant and remedy, while Dr. Shoop's Restorative is wholly an internal treatment.

The Restorative reaches throughout the entire system, seeking the repair of all tissue, all blood, all bone, all muscle.

The Night Cure, as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitability, gives renewed vigor and tonification, and works a general breaking up of rendered strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well.

BLUE BARREL FLOUR, FULL WEIGHT.

## Pleasant Prospect.

James J. Hill is said to have originated the "train load" policy when he was a much smaller figure in the railroad world than he is at present, and that policy has been in effect on his northern railroads for years. But when applied to the traffic of the Burlington, a majority of whose hauls are short, as compared with hauls of the northern roads, it has proven a failure.

In connection with the installation of the "train load" policy, this story is told on Mr. Hill: A section foreman had been killed in a railroad accident. His widow desired to have the body taken to his old home for burial. She telegraphed to Hill for permission to take the body over his lines without cost. Mr. Hill was busy when the communication was laid on his desk. In an absent-minded way he picked up the telegram, read it, and, throwing it over to his stenographer, said:

"Tell her to wait till we get a 'train load.'"

# A MONEY-MAKING OPPORTUNITY

Not everybody can go into business for themselves. Lack of capital and absence of special training stand as unsurmountable barriers to many men and women who desire to make something besides the wages they earn with their hands. Today there are many of these who have invested their savings in stock securities and are receiving nice dividends on the investment made. That's the way to make money earn more than the ordinary small per cent paid by the banks for deposits or received from rentals in real estate investments.

The whole problem in these matters is to get the right kind of stocks and **GET IN ON THE GROUND FLOOR.** It's those who purchase when an enterprise is started and get the stock at less than par and who afterwards draw dividends on the par value that receive the big returns for money invested. The trouble is to find one of these enterprises and then to get in with those who get the first chance.

## HERE IS SOMETHING THAT EMBODIES THESE REQUISITES

The stock of the Bonner Springs Resort Company has just been placed on the market—it's a safe, sure and profitable investment, and the offer to original buyers now will insure those purchasing stock returns of from 30 to 45 per cent on actual money invested.

The company has purchased the beautiful park on which are the many medicinal springs from which the town takes its name.

These waters, by comparative analysis, have proven far superior to any found in the middle west, and the many people drinking them has created a demand for accommodations on a large scale, consequently a large resort hotel is being built, which it is the intention to open about the first of September.

A bath house unexcelled in equipment is to be built, and the company has planned the construction of a large sanitarium and hospital for scientific treatments and difficult surgery as well as the nursing back to health of invalids.

These are all planned on a conservative basis and a great many people have already become interested. Among them are men who are noted for their excellent judgment and business ability.

THE COMPANY'S HOTEL IN COURSE OF CONSTRUCTION AT BONNER SPRINGS.

### THE OFFICERS OF THE CORPORATION ARE MEN OF PROMINENCE.

The officers and directors are composed principally of men who have spent years at the head of a large corporation or business, consequently they are competent to handle this large undertaking in a business-like manner.

The directors are:

W. H. Winants, Banker, Kansas City.  
Wm. P. Borland, Congressman Fifth District Missouri.  
F. W. Warner, Banker, Bonner Springs.  
Clif Langsdale, City Attorney, Kansas City, Mo.  
E. E. Richardson, Secretary-Treasurer Stock Yards Co., Kansas City.  
F. D. Pelleter, President Pelleter Building Co., Kansas City.

### VAST POPULATION TO DRAW FROM.

Within a radius of a hundred miles of Bonner Springs there are more than two millions of people. Within a night's ride lie Kansas, Missouri, Oklahoma, Arkansas, Iowa, Illinois, and parts of Nebraska, Texas, South Dakota and Minnesota. Fifteen millions of people within a fifteen hours' ride.

Think of it! One-sixth of the population of the United States! No other watering place west of the Alleghenies can claim this.

The combination of the many lines of business under one corporate management is somewhat unusual, but coupled with the present demand and the systematic management of an expert in charge of each line assures absolute success. We will have the following lines:

## CHARGE HIM WITH ARSON

"DOC" SHULL WAS TAKEN IN CUSTODY BY HENRY COUNTY OFFICIALS.

HAD THREE FIRES SINCE NOVEMBER LAST

Was Paid \$125 For the First, \$2,300 For the Second and His Third Policy Calls For \$500, But It is Held Up.

W. H. Shull, better known as "Doc" Shull, was arrested Friday on informations sworn to before Justice Graycey, accusing him of arson, says the Clinton Democrat.

Mr. Shull for many years conducted a billiard hall in Clinton. Last summer, on a lot adjoining his pool hall, on South Washington street, he built

a moving picture theatre known as the Globe.

On November 12, a fire occurred about midnight, but firemen saved the building by hard work.

Afterwards, on an adjustment of the insurance, Shull was paid \$185.

At 3:30 o'clock on the morning of January 7th, a second fire occurred at the Globe and the flames gained such headway that although the fire department is almost immediately across the street, the building was practically destroyed and it was deemed very fortunate the fire was kept from spreading.

Mr. Shull was allowed by insurance adjusters a loss of \$2,300, less a discount of 10 per cent for cash.

On May 12, occurred another fire in a small outbuilding at Allen and South Washington streets, where Mr. Shull had stored his household goods. He carried \$500 insurance, but the loss has not yet been adjusted.

The testimony against Shull will not be made public until his preliminary hearing, which has been set for

June 14th. He was arrested early Friday morning on a charge accusing him of complicity in the second fire, and was released under a \$1,000 bond signed by his brother, Clint Shull, and his attorney, Peyton A. Parks.

Afterwards he was re-arrested on similar charges involving the other two fires.

Imperial Press Congress Meets.

London, June 7.—Distinguished editors and publishers from nearly all British colonies engaged in a discussion of cable news service and press intercommunication at the initial session today of the Imperial Press Conference.

The Earl of Crewe presided at the session. "The Press and the Empire" is the subject slated for discussion tomorrow. Besides the Earl of Crewe, the chairman of the conference are Lord John Morley, Mr. Balfour and Reginald McKenna.

## DISCONTINUED THE DAILY

Columbia Herald Will Be Issued Weekly in Future.

Representative M. H. Pemberton, who a few days ago purchased the Columbia Herald, made the following announcement in Saturday's issue of that paper:

"With the issue of today, the Daily Herald ceases. The Columbia Herald will henceforth be a weekly edition of

## BAD BLOOD

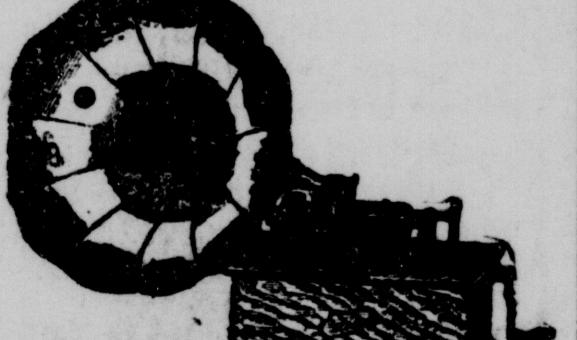

"Before I began using Cascareto, I had a host of complex, painful, and disagreeable symptoms which I never could have known. Now I am entirely well, and the pimples have all disappeared from my face. I can truthfully say that Cascareto are just as advertised: I have taken only two boxes of them." Clarence K. Griffin, Sheridan, Ind.

the best that the Herald office can produce.

"The daily is discontinued for the reason that it never has, nor do we believe could be made to pay. We would not mind working for nothing—that is fun—but we are not willing to pay for the privilege of doing business.

With the Columbia Tribune, already in existence, with nothing to do but to issue a daily paper, and with the University Missourian, with men paid by the state, and free student labor to get out a paper, we see no field for a third daily paper.

"Therefore, the new management of the Herald will not go up against a proposition, which is self-evident to this office, would be at a financial loss."

## SHE SELLS HAM AND EGGS

Daughter of J. Pierpont Morgan in New York City.

New York, June 7.—Miss Morgan, daughter of J. Pierpont Morgan, has gone into the restaurant business.

She has been the principal promoter of the eating place which the National Civic Federation will conduct at the Brooklyn Navy Yard and which was formally opened today.

Miss Morgan was introduced to the brawny workers at the yard and manifested great interest in their work.

She is a leading spirit in the welfare section of the federation, and the restaurant, which will provide well-cooked, healthful food at cost, is said to have been her project.
